

DKTK /CCCC WORKSHOP

Single Cell Analysis

Date: 18th July, 2017
Time: 15:00 - 18:00
Venue: IRI für Lebenswissenschaften
 Moud Menten Saal
 3. OG (gegenüber Fahrstuhl)
 Philippstraße 13, Haus 18,
 10115 Berlin

15:00 – 15:10 Welcome and introduction by Nils Blüthgen

15:10 – 15:40 **Nikolaus Rajewsky**
Berlin Institute for Medical Systems Biology (BIMSB)
Single Cell Analyses of stem cell differentiation and embryonic development

15:40 - 16:10 **Markus Morkel**
Charité – Universitätsmedizin, Institut für Pathologie, Labor für Molekulare Tumorbiologie
Single cell analysis of cell hierarchies and oncogenic programs during intestinal tumor formation

16:10 - 16:40 Coffee Break

16:40 – 17:10 **David Garfield**
Humboldt-Universität zu Berlin, Integrative Research Institute Life Sciences, Evolutionary Biology
Uncovering developmental regulatory landscapes using single-cell ATAC-Seq

17:10 – 17:40 **Leo Hansmann**
Charité – Universitätsmedizin, Medizinische Klinik m.S. Hämatologie, Onkologie und Tumorimmunologie
 TBD

17:40 – 18:00 Wrap Up

Registration: DKTK-Berlin@charite.de
